GENERAL PROVISIONS AND REQUIREMENTS

1. General

   It is the intent and purpose of these specifications to secure for the W.P.C.M.D. the necessary equipment and accessories which shall comprise and furnish the system described above. A detailed list of components required is included and is the basis on which the supplier's proposal shall be made.

2. Materials, Workmanship and Omissions

   All equipment, materials and workmanship shall be of the highest grade in accordance with modern practice. The equipment supplied shall be new and unused except for the necessary testing, calibration and transportation. Any omissions from the specifications of a detailed description concerning any point shall be regarded as meaning that only materials of the highest quality and correct type, size and design are to be used. All interpretations of these specifications shall be made on the basis of this statement.

3. Warranty

   All items furnished in accordance with these specifications shall be covered by the manufacturer's and/or supplier's standard warranty or guarantee on new equipment. Final acceptance is defined as the point where training has been completed, operation and maintenance manuals have be supplied and all punch list items have been resolved.

4. Reference within this spec. to a brand name of manufacture name or spec. are for reference only, and may be supplied with an approved substitute of equal or better quality.
